GOVERNMENT NOTIFICATIONS TO THE PUBLIC.

REVENUE DEPARTMENT.

It is hereby notified that the "Kucholee" Naka, mentioned in the Government Notification dated the 9th December 1868, published at page 1215 of the *Government Gazette*, dated the 10th idem, is abolished; and a new Naka in its stead is placed at the Kolwa village of the Soopa Talooka, to which the Notification of the 9th December 1868 is made applicable from this date.

By order,

F. S. CHAPMAN,
Chief Secretary to Government,

Bombay Castle, 13th September 1869.

FINANCIAL DEPARTMENT.

The following Notifications by the Government of India are republished for general information:—

“LEAVE AND ALLOWANCES.

The 2nd September 1869.

No. 3070.—A question having been raised as to whether the Resolution of the Financial Department No. 101, dated the 24th April 1869, and published at page 917 of the *Gazette of India* of 1st May 1869, on the subject of privilege leave, is applicable to Judges of Her Majesty's High Courts of Judicature, the Governor General in Council observes that privilege leave to these and certain other officers under the rules recently prescribed differs from ordinary privilege leave, in that no Judge of a High Court is held entitled to such leave unless Government be satisfied that there is an urgent necessity for it. Leave under Chapter II. of the Rules in question is, therefore, rather in the nature of short leave on urgent private affairs, while vacation takes the place of privilege leave.

On these considerations His Excellency in Council is pleased to declare that the Resolution above-quoted shall not be held to apply to Judges of Her Majesty's High Courts of Judicature, or to the other officers to whom the rules governing the leave of those Judges have been declared applicable.”

“The 3rd September 1869.

No. 3084.—It has come to the notice of His Excellency the Governor General in Council that officers applying for leave of absence do so without specifying the section of the Leave Rules under which such application is submitted. It is impossible for the Government, when dealing with such applications, to know precisely to what leave an officer is entitled, and it is inconvenient to have to point out all the possible descriptions of leave to which, under certain conditions, he might be entitled.

2. His Excellency in Council is accordingly pleased to rule that, when any officer of Government applies for leave, he should distinctly state under what section of the Leave Rules he wants it, and he should show that he is entitled to it under that section.

ORDER.—Ordered, that the above Notification be published in the *Gazette of India*, and be communicated to the Home, Foreign, Military, and Public Works Departments; the Governments of Bengal, North-Western Provinces, Punjab, Madras, and Bombay; the Chief Commissioners of Oudh, Central Provinces, British Burmah, and Mysore; the Resident at Hyderabad; the Comptroller General of Accounts, the Accountants General Bengal, North-Western Provinces, Punjab, Madras, Bombay, and British Burmah; the Deputy Accountants General Central Provinces, Hyderabad, and Mysore; the Director General of the Post Office of India; the Mint Master, Calcutta; and the Head Commissioner of Currency, Calcutta.

(Signed) R. B. CHAPMAN,

Officiating Secretary to the Government of India.”

By order,

F. S. CHAPMAN,

Chief Secretary to Government.

Bombay Castle, 11th September 1869.

PUBLIC WORKS DEPARTMENT.

The following Notification by the Government of India is republished:—

“Simla, the 31st August 1869.

No. 242.

Whereas the Governor General in Council is given to understand that in the Civil Engineering profession in England, it is a recognized practice for Civil Engineers employed by public companies, and otherwise, to receive, in addition to the salaries paid them by their employers, commission on contracts given out, or stores and materials ordered or inspected by them, and other like pecuniary considerations for services done, or intended to be done, which are considered legitimate sources of emolument; and whereas a considerable number of Civil Engineers, who have practised in England, have lately been employed by the Government of India, and the number of such Engineers is likely to increase;

1. It is hereby notified for general information that every person in the service of the Government in the Public Works Department in any part of British India, whether Civil or Military, must consider his salary or pay, as regulated by the rules of the department for the time being, or defined in any agreement with the Secretary of State for India in Council, and whether it is drawn wholly or in part in the Public Works Department, or the Military Department, to be his sole legal remuneration; and that the receipt of commission, or any other consideration whatever, directly or indirectly, on account of any business or transaction in which he shall be concerned in behalf of the Government, whether in India or elsewhere, is prohibited.

2. Every officer of the Government is bound to report to his departmental superior every infringement of the above rule which may come to his knowledge.

(Signed) R. STRACHEY, Colonel, R.E.,

Officiating Secretary to the Government of India.”

By order,

M. K. KENNEDY, Colonel, R.E.,

Secretary to Government.

Bombay Castle, 14th September 1869.

EDUCATIONAL DEPARTMENT.

The following conditions of the Gilchrist Scholarship, as also the programme of Examination, are republished, together with extracts from a Despatch from Her Majesty's Secretary of State, dated the 16th December 1867, admitting to competition all persons born in India except those of pure European descent:—

Conditions for Scholarships to be instituted by the Gilchrist Educational Trust for the benefit of Natives of India.

Two Scholarships, each of the value of £100 per annum, and tenable for Five years, will be annually awarded to Candidates born in India who shall become eligible by Competitive Examination, under the following conditions:—

1. Of the Parents of each Candidate, one at least shall belong to one of the Native Races.
2. Every Candidate must furnish proof satisfactory to the Local Authorities that he has completed his sixteenth year, and that his age does not exceed twenty-two years.
3. Every Candidate must furnish proof satisfactory to the Local Authorities that in regard to personal character and social position he is qualified to be admitted to competition for a Scholarship.
4. The subjects of Examination shall be (1) Latin, (2) English Language and History, (3) Arithmetic and Algebra, (4) Geometry, (5) Natural Philosophy, and (6) Chemistry. The Examination Papers will be analogous, in character and difficulty, to those prepared in these subjects respectively for the Matriculation Examination of the University of London: and the number of hours assigned to each of the Papers will be the same as those assigned to the like Paper by the University of London. These Papers will be sent out in sealed covers, through the India Office, to the charge of Sub-Examiners appointed by Her Majesty's Government.
5. The Examination shall be held, under the charge of a Government Sub-Examiner, at each of the Presidential Capitals simultaneously, and shall commence in the second week of January in each year. The Place, and the Days and Hours of Examination (which shall be the same at all the Capitals), shall be appointed by the Local Authorities.
6. The Sub-Examiner shall open the sealed covers containing the Examination Papers in the Place of Examination, at the hour prescribed for the Candidates to assemble. He shall be present throughout the whole of each Examination, and shall, at the end of each, collect the Answers written by every Candidate during the time allowed. He shall transmit these Answers, in sealed covers, through the India Office, to the Secretary of the Gilchrist Trust, who will cause them to be carefully considered and compared by Examiners of established reputation, named by the Trustees, in each of the respective subjects. The Trustees will name, whenever practicable, the Examiners or Sub-Examiners acting in those subjects respectively for the University of London. The Examiners shall consider the Papers with as little delay as possible, and shall make their award thereupon, assigning to each Paper a number of marks suitable to its merits. Such award shall be transmitted forthwith by the Secretary, through the India Office, to the Local Authorities in the Presidential Capitals, to be by them announced to the Candidates.
7. The first Scholarship shall be awarded to the Candidate whose aggregate of marks stands highest provided that he passes in each of the six subjects above mentioned, and that his aggregate of marks amounts to not less than one-half of the total. Such Candidate shall have his choice whether he will pursue his curriculum of study in the University of Edinburgh, or in the University College, London.
8. The second Scholarship shall be awarded to the Candidate whose aggregate of marks stands second, provided that he passes in each of the six subjects, and that his aggregate of marks amounts to not less than one-half of the total. Such Candidate shall pursue his curriculum of study in that one of the two Institutions above named which shall not have been chosen by the other Candidate.
9. If the two highest Candidates are equal in aggregate number of marks, the privilege of choosing between these two Institutions shall be determined between them by lot.
10. The successful Candidates shall be expected to arrive in London, and to present themselves to the Secretary of the Gilchrist Trust, not later than the first week in the October following their appointment.
11. The Scholarships shall be considered as commencing from the first of July following the award of the Examiners, and shall be paid in quarterly instalments on the first days of October, January, April, and July.
12. Each Scholar shall attend in every Session at least Three Courses of Lectures at the Institution in which he studies (unless specially excused by the Trustees from doing so during the first year), and shall transmit to the Secretary of the Gilchrist Trust, at the conclusion of each Session, a Certificate from each of the Professors whose Lectures he has attended, stating that his diligence and conduct have been satisfactory. Should he not be able to produce such a certificate, or should he be proved guilty of discreditable conduct elsewhere, he shall be considered to have forfeited all claim to the remaining instalments of his Scholarship.
13. Each Scholar shall be expected to present himself both at the Matriculation Examination of the University of London, and at the First Examination in one of its Four Faculties,—Arts, Science, Law, or Medicine,—before the termination of the Third (Academical) Year* from the commencement of his Scholarship, unless excused from doing so by the Trustees; and if he do not so present himself (unless by permission of the Trustees), or if he fail to pass, he shall be considered as forfeiting his claim to the remaining Two Years' instalments of his Scholarship.

* Thus a Candidate whose Scholarship commences on the 1st of July 1868 would be considered as having fulfilled this condition if he passed the First LL.B. Examination in January 1871, or the First B. A., the First B. Sc., or the Preliminary Scientific M.B. Examination in the following July.

14. The foregoing scheme shall be subject to revision from time to time, the Trustees reserving to themselves the power of altering the conditions of the Scholarships, or of altogether withdrawing them, if they deem it expedient to do either. But no change will be made in such a manner as to affect the interests of Candidates already appointed to Scholarships, or in any case without Twelve Months' Notice.

CANDIDATES WILL BE EXAMINED IN THE FOLLOWING SUBJECTS:—

POST OFFICE NOTIFICATIONS.

Changes of Address.—All communications on the subject should be made to the **POST MASTER** of Bombay, or other **POST MASTERS**, and not to the **POST MASTER GENERAL**. The name of the **Post Town** to which letters will be found addressed should be stated in the application.

Re-direction of Overland Letters.—Hitherto the Bombay Post Office has, as a favour, attended to instructions from the Public for the interception and re-direction of Overland Letters addressed to stations beyond Bombay.

2. The introduction of Sorting the Overland Mails on board Steamers between Suez and Bombay has necessitated the abandonment of this system, as time does not allow of the necessary intimation to Sea Sorters, who are also otherwise fully employed, and letters reach Bombay ready packeted for the interior.

3. Requests to intercept or redirect Overland Letters are therefore not attended to by the Bombay Post Office. Those expecting a change of residence, are recommended to have their letters consigned to some Agent in Bombay,

Complaints from Residents of Bombay requiring redress as to surcharge of postage, mis-sending, or delay in the delivery of letters, &c., should be made to the Post Master, accompanied by the envelopes of the letters referred to,

Similar complaints in the Mofussil should be made to the Inspecting Post Master of the Division, also accompanied by the envelope.

An appeal against the decision of the Post Master of Bombay, or of the Inspecting Post Master, can always be made to the Post Master General,

Mail between Calcutta, the Straits, and Hongkong.—It is hereby notified for general information that under arrangements made with the owners of the Opium Steamers, which will ply monthly between Calcutta, the Straits, and Hongkong, these Steamers will in future be closed as Indian Mail Packets, and that Letters, Newspapers, and Packets of Newspapers, Books, or Patterns will be forwarded by them from Calcutta for the Straits and Hongkong under the same conditions, and at the same rates, as similar articles forwarded by British Mail Packets [Peninsular and Oriental Company]. This arrangement will commence with the first Opium Steamer which leaves Calcutta in April.

2. These Steamers leave Calcutta about 12 days more or less after each Government Opium Sale; the advertised dates of the Opium Sales for the current year (1869) being as follows:—

April 8th.	September 9th.
May 6th.	October 4th.
June 7th.	November 5th.
July 7th.	December 6th.
August 9th.	

3. Mails for the United States of America, via Hongkong, can be forwarded by these Steamers at the same rates and under the same conditions as by British Packets.

4. The Opium Steamers proceed from Calcutta direct to the Straits and thence to Hongkong, and the time of transit from Calcutta to Hongkong is only about 15 days, that is about 7 days less than the time taken by the British Packets [Peninsular and Oriental Company], which proceed by the more circuitous route of Madras and Galle.
