AGE COHORTS OF VOTERS IN MAHARASHTRA*

(*Data on electors as of Jan 23, 2024)

CLEANER ELECTORAL ROLLS

11.60 lakh

Names of deceased voters deleted

Of these, **4,92L** electors were above 80

door checks, 2.84 lakh such names were deleted

> Similarly, the drive also identified electors with similar names and with some variations in address, etc called Demographically Similar Entries

> Of 2.54 lakh such entries, 74,426 names were deleted after thorough scrutiny

> The ECI in their drives had a software to identify voter ID cards with similar photographs called as Photo Similar Entries (PSEs)

> So around 9.05 lakh such entries were identified by the software and after door-to-

HOW WAS DELETION DONE?

Booth-level officers visited the respective electors' houses, made phone calls, sent notices by speed post, and after thorough verification, deletion took place
